

D

**SCHEDULE A**  
**SEWER USER CHARGES - 2022**

**Effective January 1, 2022 the Sewer User Charges are as follows:**

*Class A Users Discharging Normal Domestic Sewage.* All Class A users of the Borough of Sayreville sanitary sewer system discharging normal domestic sewage, as herein described in the Sanitary Use Regulations, shall be charged at a rate of thirty-four dollars and thirty-four cents (\$34.34) per thousand cubic feet of water consumed.

*Class B Users Discharging Non-Domestic Industrial Wastes.* All users of the Borough of Sayreville sanitary sewer system discharging other than normal sewage shall be billed quarterly as follows:

- a. For Middlesex County Utilities Authority (MCUA) charges based on the ratio of the actual flow and actual flow parameters of each Class B user to the total actual flow and total actual flow parameters from the Borough to MCUA using the billing rates prescribed by the MCUA at the beginning of the year.
- b. For Borough of Sayreville charges based upon the actual flow of each Class B user at a rate of three dollars and twenty cents (\$3.20) per thousand gallons.

Actual flow shall be established based on sewage flow where metered or water consumption where un-metered.

Billing procedures for Class B users shall be more specifically described in Schedule B of Article IV Industrial Wastes of the Borough of Sayreville Code.

*Class C Users Discharging Non-Domestic Sewage.* All Class C users of the Borough of Sayreville sanitary sewer system discharging sewage with flow parameters in excess of normal sewage, as herein described in the Sanitary Use Regulations, shall be charged at a rate of ninety dollars and forty-six cents

(\$90.46) per thousand cubic feet of actual sewage flow where metered or actual water consumption where un-metered.

*Class D Users Discharging Non-Domestic Sewage.* All Class D users of the Borough of Sayreville sanitary sewer system discharging sewage with flow parameters in excess of normal sewage, as herein described in the Sanitary Use Regulations, shall be charged at a rate of seventy-five dollars and forty-four cents (\$75.44) per thousand cubic feet of actual sewage flow where metered or actual water consumption where un-metered.

*Class E Users Discharging Non-Domestic Sewage.* All Class E users of the Borough of Sayreville sanitary sewer system discharging sewage with flow parameters in excess of normal sewage, as herein described in the Sanitary Use Regulations, shall be charged at a rate of one hundred two dollars and twenty-two cents (\$102.22) per thousand cubic feet of actual sewage flow where metered or actual water consumption where un-metered.

*Class F Users Discharging Non-Domestic Sewage.* All Class F users of the Borough of Sayreville sanitary sewer system discharging sewage with flow parameters in excess of normal sewage, as herein described in the Sanitary Use Regulations, shall be charged at a rate of one hundred forty-seven dollars (\$147.00) per thousand cubic feet of actual sewage flow where metered or actual water consumption where un-metered.

*Class G Users Discharging Non-Domestic Sewage.* All Class G users of the Borough of Sayreville sanitary sewer system discharging sewage with flow parameters in excess of normal sewage, as herein described in the Sanitary Use Regulations, shall be charged at a rate of fifty-two dollars and sixty-six cents (\$52.66) per thousand cubic feet of actual sewage flow where metered or actual water consumption where un-metered.

*Class H Users Discharging Non-Domestic Sewage.* All Class H Users of the Borough of Sayreville sanitary sewer system discharging sewage with flow parameters in excess of normal sewage, as herein described in the Sanitary Use Regulations, shall be charged at a rate of thirty-seven dollars and ninety-six cents (\$37.96) per thousand cubic feet of actual sewage flow where metered or actual water consumption where un-metered.

Where any building or structure is used for purposes comprised of more than one classification, the service fee in such case shall be the total of the fees for each such classification.

*Minimum Charge.* Notwithstanding any of the schedules contained herein to the contrary, the minimum annual charge for any property connected to the Borough sanitary sewer system shall be one hundred seventy-four dollars and thirty cents (\$174.30).

(Ord. No. 80-09, 2-23-2009; Ord. No. 182-12, 4-23-2012; Ord. No. 284-15, 3-23-2015; Ord. No. 412-18, 6-2-2018; Ord. No. 552-21, 11-22-2021)

**14-50—14-54 - RESERVED.** :

## **ARTICLE IV - INDUSTRIAL WASTES**

 :

### **14-55 - REGULATIONS FOR THE DISCHARGE OF INDUSTRIAL WASTES.**

 :

**14-55.1 Preamble.** The Borough of Sayreville has a contract with the Middlesex County Sewerage Authority for processing its domestic sewage which now represents one (1) of its larger operating expenses, i.e., several hundred thousand dollars per annum; and with the exception of several of our very large industries which are individual members of the Middlesex County Sewerage Authority, or who treat their own industrial sewage, there is discharged into the Sayreville Sewage System the effluent from all other industries as well as the domestic sewage from individual home owners, all of which is handled without additional charge. The effluent discharge by these industries not only exceeds the average effluent discharge by a home owner by upwards of one thousand (1,000%) percent or more, but the industrial effluent is of such a character as to impose a heavier burden upon the treatment facilities and a much heavier expenditure on behalf of the Borough under its contract, by reason of the nature of such sewage. All of these factors result in an unfair discrimination against the home owner in favor of industry and an unreasonable burden on the cost of furnishing governmental services by the Borough to its constituents.

(Ord. #1082)

**14-55.2 Permit Required.** No industrial sewage emanating from any industry within the territorial limits of the Borough shall be discharged into the Sayreville Sewage System unless and until a permit has been applied for, to the Sayreville Water and Sewer Department on forms provided for that purpose, and a permit duly issued.

(Ord. #1082, § 1)
