PRESENTATION-

- **Certificate of Recognition** presented to Ed Koskowski in recognition for his raising awareness to the destruction of Hurricane Sandy and its affects to the residents of Sayreville, as he ran/walked over 200 miles from High Point State Park to Cape May. As a result of the proceeds he presented the Mayor with a check in the amount of \$3,000.00.

- **Police Chief and School Superintendent Dr. Alfano**

Police Chief said that on behalf of himself and his department he expressed their sympathy to the parents and victims in Newtown Connecticut, stating what a tragedy occurred in this town and that it is one they do not want to see repeated and that is why he is here tonight. He wanted to assure everyone that the Sayreville Police Department and the Sayreville Board of Education, administrators and homeland security are doing all they can to ensure that our schools are a safe place to learn, have fun and enjoy themselves. He said that this plan has been going on for years. Starting in 2007 the Attorney General's office established mandate that the schools and police department work in conjunction and cooperation together to make sure that the schools are safe and we still do that. There are plans in place that are utilized every day. These plans get looked at and revised to make sure they are proper for us. They go through great lengths to train their officers, administrators and even students to make sure that everything is as safe as possible. The chief explained everything that gets looked at and updated constantly to the changing needs making sure that the schools are secure as possible which needs the appropriate balance through constant drills. This is all done in conjunction with Dr. Alfano, the administrators, teachers and their training. All employees get training and the students will tell you that they practice all types of drills. He assured everyone that everything that needs to be done is being done for our school system. He recommended that the parents speak to their children and monitor what they are watching on tv and be aware that they will have reactions to what happened. He explained what and how they should ask questions. He reminded everyone that there is plenty of different types of media giving information and asked that they use them. He suggested everyone sign on with NIXLE, police department web site the borough web site and facebook as information is key.

Dr. Alfano addressed the council and public stating that Mr. Eck and himself have been working on these issues for approx. 10 years. He implored to everyone that their number one priority is the safety of the children and there is nothing more important. He stated that this was a horrific act and has effected all of us. He commented on what the teachers and staff of that school did and they acted instinctively. They did things because they care about those children and because they were trained. He expressed that because of the Chief, Barry Eck, the Administrators and the Governing Body the children of Sayreville are safe and will do everything possible to make it even safer.

Barry Eck, OEM Director re-caped what the chief and Dr. Alfano said – He reminded everyone that our teachers are with our children more than we are. He reviewed the drills and how perfect they have become over the years, they are trained.

Mayor asked Mike Macagnone to speak on behalf of the Board of Education.

Mr. Macagnone said that he has the utmost confidence in the chief, his patrols and Mr. Eck to keep our schools safe. He agreed that we are doing the best we can with these schools being built in the 1970's and were designed to let people in and out and they are doing the best they can to keep them secure. He said that the new schools now are looked at by the

Dept. of Homeland Security. He outlined that at tomorrow's Board of Education Meeting they will be going over the same issues for the public.

Mayor thanked them for their presentation and comments.

- **SAIC representative Simon Carlisle to present proposal for FEMA oversight.**

- The topic will be Long Term Recovery Operation with FEMA
Mr. Simon Carlisle explained their company's background and their involvement with other communities nationally during and after disasters. He explained the proposed program and services they can provide Sayreville during the long term disaster recovery and fielded questions of the council.
He also explained their involvement with the clean-up process thus far.

After the presentation the Mayor said that it would be incumbent upon the Borough to interview several companies offering these services before contracting with one.

Mayor asked if all were in agreement with this process. Councilman Henry's concern was that the process moves quickly.

- **PRESENTATION OF PLAQUES TO OUTGOING COUNCILMAN FRANK BELLA AND COUNCILMAN NICHOLAS PERRETTE.**

At this time Mayor O'Brien presented Councilman Frank Bella with a plaque signed by the governing body.

- ❖ **COUNCILMAN FRANK BELLA FOR HIS DISTINGUISHED SERVICE AS A MEMBER OF THE SAYREVILLE BOROUGH COUNCIL FROM 2010 THRU 2012.**

Councilman Bella thanked the Mayor and Council expressing that he enjoyed his time as a councilman and although it has been confrontational at times he felt that he has always done what was best for the people of Sayreville. He said that he feels that he is leaving with his head held high and that he did some good for the town. Thank you.

- ❖ **COUNCILMAN NICK PERRETTE FOR HIS DISTINGUISHED SERVICE AS A MEMBER OF THE SAYREVILLE BOROUGH COUNCIL FROM 2010 THRU 2012.**

Councilman Perrette thanked the people of Sayreville. He said that he lives in a great town and it has been his honor to serve. He said that he will still be available for questions and help that may be needed. He thanked everyone who works for Sayreville and the people that live in Sayreville. He said that he is so proud to have served and hoped that he made a difference. Thank you.

The Mayor went on to say that there have been over 400 families who were removed from their homes due to the storm and about 100 families from Winding Woods are back in and about 300 or so Sayreville proper residents are still affected. He said how important it was when filing your FEMA Application you MUST ALSO file a SBA Loan application. Both of these applications have to be filed together, before January 1st.

- Borough engineer stated that he would not be able to appraise this property as he is working on this project in Woodbridge, so it would be a conflict. - **BOROUGH ATTORNEY - Michael DuPont**

- **PUBLIC PORTION**

At this time Mayor O'Brien opened the meeting to the public for any and all issues.

Those appearing were:

- John LaPatriello, 3rd St., Sayreville
Questioned the rumors about combining the Sayreville Senior Center with the Recreation Dept.
-Councilman Henry responded that they are looking for ways to save money, but nothing had been decided.

Mr. LaPatriello asked if they would have the opportunity to be consulted on any such merger.

- Mayor O'Brien asked that the governing body make this promise to the Seniors.
- Councilman Bella said that this discussion goes back to the previous Director at the Senior Center and the Business Administrator and that at that time he made the recommendation that the two departments merge. That recommendation was never acted on. This was a cost savings recommendation to eliminate a director.
- Mayor said that back then the decision to do this was due to some vacancies and since that time they were filled so there would not be any cost savings. He asked the governing body to consult with the Sayreville Senior Center before any decision is made on this merger.
- Councilman Henry felt that it would be a great idea, but this was just in the exploratory stage.
- Councilwoman Eicher said that these items would be discussed during the budget process next year and it will be transparent. Nothing is happening yet.
- Mayor called for a straw vote of all those in favor in discussing any possible merger of the Sayreville Senior Center with any department in the borough and that the Seniors will be consulted and be part of the process.

Straw Vote: Councilpersons Bella, abstain as he would not be here next year.

Buchanan, Ayes;
Eicher, Ayes;
Henry, Ayes;
Novak, Ayes.

John LaPatriello said that the Senior Center is not secure.

- Mayor asked that the Police Chief speak with Mr. LaPatriello.

- Fran O'Connor, 84 Weber Avenue

Thanked Councilmen Bella and Perrette for their service and for Councilman Perrette's help on the Weber Avenue Committee.

Fran stated that she believes that Sayreville and the residents are in need of an outside agency to help us file and move along with the paperwork and buyout process. She said that her fear at this point is that there will be arguments raised with the Army Corps project and duplication of services. She said that these issues are already being raised. Ms. O'Connor felt that it was critically important that someone find out if we can move forward with this buy-out process without it being considered a duplication of the Army Corps project. She requested that someone from the borough send a letter confirming that this is not going to come down to a duplication of services. Because the worst that could happen is that the borough spend the money on a buy-out and this be dragged out for someone in the Federal Government to say sorry but Sayreville is ineligible and preclude us from participation in the hazard mitigation grant process.

-Mayor asked the Borough Attorney to send a letter to the two senators and congressman.

Mr. DuPont asked that she contact him in the morning.

- Charles Wojtaszek, Fire Chief
Thanked the resident and council for allowing him to serve as Fire Chief and wished everyone a very Merry Christmas.
- Lillian Lucas, Quaid Avenue
She complained that no one has been out to Quaid Ave. to clean the road after the storm and requested another street light because the road was very dark.
- Mayor asked the DPW go out and clean the roadway and that we apply to JCP&L for a survey of lighting in that area.

Mrs. Lucas asked if the Main Street By-Pass would be moving forward. As Brookside Ave. creek is not cleaned on a regular basis and affects their living and felt that the Main Street By-Pass would move it forward.

- The Borough Engineer responded that the borough has authorized the re-submission of the project so it is moving forward.

Mrs. Lucas questioned if they are changing the flood zones.

-The Engineer said that just this past week the State did issue new maps for construction. So if your house was damages and is going to be reconstructed as a result of the storm they have new elevations that they are recommending be followed for the reconstruction. Those maps were issued on Saturday and representative of FEMA will be coming to the borough to explain the process.

- Sharon _____ Quaid Avenue
She said that previous to the storm she was not in a flood zone but is now and asked if she will now be required to purchase flood insurance.
-Mayor said that she can also talk with the engineer and suggested that she have flood insurance.
Ms. Sharon then said that she agreed with Ms. Lucas about the ditch and that the ditch is also creating a mosquito problem.

No further questions or comments. Councilwoman Eicher made a motion to close the public portion. Seconded by Councilwoman Novak.
