Re: Will Serve Letters

Dear Mr. Kausch,

I am responding to your request for will serve letters for the currently named Camelot at Main St. and Camelot II at Sayreville projects dated 02/27/2019. I am unable to provide a will serve letter at this time until all applications to the appropriate boards have been made and approvals granted. The Borough does have the capacity to serve the proposed development.

Please be advised that all as-built drawings you may require need to be obtained from the Borough Engineer, CME Associates.

Sincerely,

David Leitner
Borough of Sayreville
